RG/Tool Bucket

Product Name:
3.8l Tool Bucket

Large storage container to load tools into when working at height.

It comes with a drawstring closure making tools easily accessible, whilst also protecting them from the elements. Additional connection points on the outer of the bag allow safe stowing of any excess or frequently used items. The filter at the bottom of the bag ensures liquid or dirt doesn't build up. Connection points can be found at the top of the bag allowing attachment to the tool loops of a work positioning harness belt with connectors.
