

**Product ID:**  
RGA31

**Product Name:**  
ISC Rope Grab

**The RGA31 fitted with a pip-pin axle, making it quick and easy to attach/detach mid-line.**

A thumb operated push-button is used to disengage the Pip-pin mechanism and the axle has a chamfered end, to allow for easy location of the pin. It comes with a textile pip-pin retention cord, (rather than a wire cord). The textile cord allows for easy manoeuvring of the pin and does not snag, or wear with sharp edges. The rope grab is for use with kernmantle rope.

**Accredited to:**

EN 353-2:2002 for rope 10.5 - 13mm

**Material:**

Aluminium

**Weight:**

180g

**Max. force:**

N/A
