

## RG/ROPE PROTECTOR

### ROPE PROTECTOR

---

**The rope protector is designed to protect a rope from abrasion during abseiling, which is usually experienced from friction when ran over an edge.**

Easy to use with pull tabs at either end of the protector to open the hook and loop fastening. Easily identifiable accessory cord at the top of the protector can be tied into a prusik knot to hold the protector in place. Can fit different diameters of rope and can also fit multiple ropes in at the same time. Made from two layers of durable 1000D nylon.

---

Material: 1000D nylon

Weight: 170g

Dimensions: 700 x 200mm
